

My Child Struggles with Reading and Writing

- Is your child interested in learning new words?
- Can your child identify rhyming words? E.g. do 'bee' and 'tree' sound the same?
- Is she able to tell you words that rhyme? E.g. can she tell you a word that rhymes with 'fun'?
- Can he count the syllables in words?
- Does he know the first sounds of words e.g. 'man' starts with an 'mm' sound?
- Can she sound out a word e.g. 'pin' is made up of 'p..i...n'?
- Can he blend a word e.g. the sounds 'b..a..g' make 'bag'?

If you answered no to most of these questions your little one might need further support before commencing school.

Strong reading and writing skills lay the foundation for your child's education. Early intervention is the key. If you suspect your child may need some assistance, call us today for your initial consultation to discuss your child's needs.
